

INDEX TO VOLUME 22

Author Index

- Abad, Cipriano, 373
Abolnik, Igor Z., 395
Aboulafia, David M., 598
Abraham, Jennifer, 336
Abzug, Mark J., 398
Achiron, A., 865
Aerts, Jean, 873
Aguado, Jose M., 582, 594
Aguet, Jaime, 240
Ahmad, Nadeem V., 168
Aiello, Vera Demarchi, 380
Alain, Sophie, 626
Alary, Michel, 477
Alba, David, 732
Albano, Caroline, 295
Allos, B. M., 197
Altieri, Mario, 171
Aly, Raza, S128
Amidi, Morteza, 262
Amitani, Ryoichi, 146
Anaissie, Elias J., 388, S71, S73, S95
Anand, Ajay, 1130, 1132
Ancelle, Thierry, 1033
Andersen, H. Frank, 336
Andradas, Elena, 1092
Andreou, Alexander, 1102
Angarano, Giocchino, 1130
Angus, B. J., 233
Ansell, J., 197
Antoine, Martine, 616
Apothélos, C., 621
Appice, Amelia, 1130
Arend, S. M., 920
Ariyarat, C., 233
Arness, Mark K., 868
Arnou, Paul M., 997
Arranz-Caso, Alberto, 857
Arranz-Caso, J. A., 372
Arroyo, Aurelio, 176
Arroyo, Javier, 373
Arvand, Mardjan, 362
Ascher, Michael, 841
Ash, Lawrence R., 742
Ashfaq, Akhtar, 722
Ashton, W. Scott, 966
Atallah, Camille, 190
Atweh, Samir, 572
Aubertin, J., 374
Aubin, Jean T., 1120
Ausiello, C. M., 848
Bachman, Keith H., 1112
Badesch, David, 567
Bagarazzi, Mark L., 1124
Baird, Robert W., 395
Baldi, Pablo C., 446
Balducci, Maria, 737
Balter, Meyer S., 731
Bani-Sadr, Firouze, 596
Banssillon, V., 183
Bañuelos, Alfonso F., 240
Barak, Y., 865
Baran, Joseph, Jr., 874
Barbut, F., 437
Bartholomew, William, 1126
Bartley, James A., 336
Barton, Leslie L., 197
Barton, Todd D., 1064
Bass, James W., 727
Bassetti, Dante, 838
Batt, Jane A. E., 731
Baughman, Andrew L., 503
Baughn, Robert E., 165
Baumgartner, Ruth, 557
Baylies, H. Nicholas, 841
Becerril, Berta, 1026
Bédos, Jean-Pierre, 63, 430
Beilke, Mark A., 718
Bellin, Eran, 398
Bengualid, Victoria, 382
Benson, Constance, 40
Benson, Robert S., 257
Benstead, T., 197
Berger, Judith, 382
Berger, L., 827
Berger, Timothy G., 794, S128
Bergin, James, 295
Berning, Shaun E., 885
Bernius, Maureen, 819
Berthelot, P., 575
Besancenot, Jean François, 1099
Bessuille, Elaine, 989
Bestetti, Giovanna, 1120
Bettin, Kristine M., 932
Bevilacqua, Nazario, 179
Bhatti, Sana U., 240
Bibashi, Evangelia, 1102
Bibi, Salah, 240
Bingen, Edouard, 152
Bittner, Marvin J., 1109
Björkman, Lars, 944
Black, William, 989
Blanchard, D. Kay, 597
Blanc-Jouvan, M., 184
Blanco, Manuel Vazquez, 385
Blanco, Ricardo, 872
Bland, Lee A., 222
Blanes, Marino, 1113
Blaschke, Terrence F., S15
Blaser, M. J., 197
Blazes, David L., 1128
Blinkhorn, Richard J., Jr., 399, 588
Blomquist, Ingrid K., 336
Blum, L., 437
Blumberg, Emily A., 295, 462
Blumberg, Henry M., 597
Bodey, Gerald P., 508, 778, 1046
Boeckh, Michael, 521
Boibieux, A., 184
Bokulic, Ronald, 1057
Bonfanti, P., 396
Bonmarchand, G., 591
Bonomo, Robert A., 588
Bouchaud, Olivier, 926, 1033
Boulant, Jack A., 525
Boustani, Maria R., 611
Bouza, Emilio, 576
Bowden, Raleigh A., 521
Boyle, William, 560
Bradsher, Robert W., S102
Brahimi, Naima, 152
Brannan, Darin K., 456
Breiman, Robert F., 257, 824
Brewer, Timothy F., 393
Briggs, Robert J. S., 638
Brook, Itzhak, 143, 384
Brooks, Patricia E., 1125
Brown, Henry, 186
Brown, Perry S., Jr., 308
Browne, Kathleen F., 1125
Brown-Harrell, Victoria, 581
Brugiere, Olivier, S154
Brugieres, Pierre, 723
Brummitt, Charles F., 878
Bruner, Janet M., 1046
Bruzzeze, Vivian L., 716
Bryant, Richard E., 747
Bryceson, A. D. M., 938
Buisson, Marielle, 1099
Burney, Sibte, 378
Burzacchini, Fabrizio, 737
Bussel, James, 1129
Busuttill, Ronald W., 1134
Byl, Baudouin, 712
Byrd, John C., 1111
Caballero, Francisco J., 1026
Cabié, André, 181, 1033
Cadranel, Jacques, 616
Calero-Garcia, Maria Angeles, 857
Calio, Anthony J., 605
Callahan, Johnny, 719
Camero, L. Gabriel, 874
Campos-Herrero, M. Isolina, 373
Camps, Juan, 366
Cañas, Elias, 176
Capasso, G., 709
Capdevila, J. A., 1135
Capsuto, Elena G., 124
Carandang, Godofredo C., 997
Carbon, Claude, 740, 1096
Carbonara, Sergio, 1130
Carbone, A., 381
Cardoso, Fernando Luiz Lopes, 713
Carey, Daniel, 602
Carosi, Giampiero, 705, S55
Carrascal, Yolanda, 594
Carrascosa, Miguel, 579
Carrigan, Donald R., 174
Cascio, A., 938
Cassinotti, Pascal, 162, 198

Subject Index

Abdominal infections

- treatment with piperacillin/tazobactam, 107
- due to varicella-zoster virus, 857

Aboriginal populations, pyelonephritis in, 1051

Abscess

- due to *Blastomyces dermatitidis*, S102

brain

- due to *Coccidioides*, 240
- due to *Dactylaria gallopava*, 73
- due to *Mycobacterium tuberculosis*, 906
- due to *Xylohypha bantiana*, 73

- genital tract, due to *Streptobacillus moniliformis*, 471

liver

- due to *Brucella melitensis*, 485
- due to *Streptococcus sanguis*, 191

lung

- due to *Actinomyces meyeri*, 621
- with empyema, 747
- in HIV infection, 81, 671

muscle

- due to *Actinomyces meyeri*, 185
- due to *Flavobacterium indologenes*, in drug abuse, 858
- due to *Neisseria gonorrhoeae*, 861

- due to *Nocardia*, 891

- pancreatic, microbiologic analysis, 384

- skin, due to *Actinomyces meyeri*, 185

- specimens of, collection and transport, 766

- spinal epidural, due to *Torulopsis glabrata*, 588

- spleen, due to *Brucella melitensis*, 485

- subcutaneous, due to *Mycobacterium scrofulaceum*, 159

tuboovarian

- due to *Blastomyces dermatitidis*, 718
- due to *Streptobacillus moniliformis*, 471
- due to *Streptococcus pneumoniae*, 993

Acinetobacter baumannii, bacteremia, 1026

Acquired immunodeficiency syndrome (see Human immunodeficiency virus infection)

Acremonium infections, in immunodeficiency, S112

Acremonium kiliense endophthalmitis, in cataract surgery, 222

Actinomadura, infections from, 891

Actinomyces bernardiae infections, urinary tract, 157

Actinomyces infections

- pleural empyema, 747
- tracheal, 1126

Actinomyces meyeri infections

- abscess, 185
- disseminated, 621

Actinomyces naeslundii infections, tracheal, 1126

Actinomycosis, in lymphoma, 731

Acyclovir

- for cytomegalovirus infections, in liver transplantation, 537
- for herpes simplex virus infections
 - esophagitis, 926
 - in HIV infection, 141
 - in pregnancy, 51
 - supraglottitis, 382
- for herpes zoster, 341
- neurotoxicity, 187
- preclinical safety testing, 355
- for Ramsay Hunt syndrome, in HIV infection (letter), 1128
- resistance to, 637, 654, 864

for varicella-zoster virus infections

- myelitis, 138
- resistance in, 637, 654

Adenovirus infections, in bone marrow transplantation, 778

Aerococcus viridans bacteremia, penicillin-resistant, 387

Aeromonas diarrhea, treatment with ciprofloxacin, 1009

Aeromonas hydrophila bacteremia, after cholera, 867

Age

- vs. human T-cell lymphotropic virus type 1 infections, 865
- vs. pneumococcal vaccine response, 165
- vs. *Streptococcus pneumoniae* serogroups, 973

AIDS (see Human immunodeficiency virus infection)

Air handling, inadequate, *Acremonium kiliense* endophthalmitis from, 222

Air pollution, invasive pneumococcal infections and, 100

Albendazole

- for *Encephalitozoon* infections, 557
- for trichinosis, 1033
- for urethritis, due to microsporidia, 592

Alternaria tenuissima, peritonitis, 73

Alveolar echinococcosis, *Haemophilus influenzae* pneumonia with, in HIV infection, 965, 1089

Amalgam, dental, exposure to, antibiotic resistance and, 944

AmBisome (amphotericin B formulation), evaluation, S133

Amebiasis, epidemiology, in Romanian children, 456

American Board of Internal Medicine, recertification program, 205

Amikacin, for nocardiosis, 891

Aminoglycosides

- for endocarditis, due to non-typhi *Salmonella*, 853
- for pleural empyema, 747
- resistance to, *Mycobacterium fortuitum*, 1105

Amoxicillin

- for nocardiosis, 891
- for otitis media prophylaxis, 143

Amphotericin B

- for blastomycosis, S102
- in pediatric patients, 496
- for candidemia prophylaxis, in neutropenia, 462, 467
- for candidiasis, hematogenous, S95
- clinical trials, S145
- for cryptococcosis, S154
- for endocarditis, due to *Candida albicans*, 348
- with foscarnet, nephrotoxicity, 378
- future developments, S166
- for histoplasmosis, S102
- for leishmaniasis, 1
- lipid formulations, S133, S166
 - for meningitis, due to *Cryptococcus neoformans*, 315, 329
 - for visceral leishmaniasis, 938
- for meningitis, due to *Cryptococcus neoformans*, S119, 315, 329
- for prosthetic valve endocarditis, due to *Candida*, 262
- recommendations for, S148
- for urinary tract infections, 30

Ampicillin

- for endocarditis, due to non-typhi *Salmonella*, 853
- for nocardiosis, 891
- prophylactic, in liver transplantation, 997
- resistance to, dental amalgam and, 944

Ampicillin/sulbactam, for bacteremia, due to *Acinetobacter baumannii*, 1026

Anaerobic infections

- bursitis, 879
- pancreatic abscess, 384
- pleural empyema, 747

- Anemia, in bacillary angiomatosis and peliosis, in HIV infection, 794, 801
- Aneurysm, false, infection, due to *Staphylococcus aureus*, 874
- Angiography, coronary, invasive staphylococcal infection after (letter), 886
- Angiomatosis, bacillary, in HIV infection, 794, 801
- Angioplasty, coronary
infected pseudoaneurysm in (letter and reply), 602, 603
invasive staphylococcal infections in (letter), 601
- Animal studies
amphotericin B lipid formulations, S133
hematogenous candidiasis, S73
- Animals, *Encephalitozoon* infections from, 557
- Antibiotics (see also specific drug and infection)
in elderly persons, 209
empiric therapy with, in elderly persons, 209
informal consultation on, 303
prophylactic (see Prophylaxis)
resistance to (see Drug resistance)
- Antibodies
to endotoxin, for sepsis, 407
to *Leishmania*, 1
monoclonal (see Monoclonal antibodies)
- Antifungal agents (see also specific drug, e.g., Amphotericin B; Fluconazole)
combination therapy with, S166
drug resistance, S166
evaluation, animal models for, S73
future developments, S166
historical review, S166
recommendations for, S148
susceptibility testing, S161
in cryptococcosis, 322, 329
- Antigens
Bordetella pertussis, antibody response to, poliovirus vaccine effects on, 59
measles virus, detection, 36
rubella virus, detection, 36
- Antimony compounds, for leishmaniasis, peripheral neuropathy from, 878
- Antipyretics, endogenous, 525
- Anti-Rho immunoglobulin, for thrombocytopenia (letter and reply), 1129, 1130
- α_1 -Antitrypsin, in *Clostridium difficile* diarrhea, 932
- Antiviral drugs, preclinical development, 355
- Antley-Bixler syndrome, vs. fluconazole teratogenic effects, 336
- Aorta, vegetations in, coronary ostium obstruction in, in endocarditis, due to *Streptococcus bovis*, 192
- Aortitis, due to *Salmonella choleraesuis* (letter and reply), 739, 740
- Appendicitis, treatment with piperacillin/tazobactam, 107
- Arteritis, giant cell, due to parvovirus B19, 1123
- Artery, perforation of, *Staphylococcus aureus* infection after (letter), 886
- Arthralgia, in rifabutin therapy (letter), 885
- Arthritis
rheumatoid, rubella immunization in, persistent infection after, 287
septic
in elderly persons, 209
due to group B streptococci, 579
in infective endocarditis, 783
due to *Leishmania*, in HIV infection, 1113
due to *Mycobacterium avium* complex, 714
due to *Streptococcus pyogenes* (letter and reply), 394
- Aseptic meningitis, in carbamazepine therapy, 729
- Aspergillosis
cutaneous, in neonates, 1102
in HIV infection, pulmonary cavitation in, 671
in leukemia, after neutropenia resolution, 1064
- Aspiration, liver abscess, in brucellosis, 485
- Atmospheric conditions, invasive pneumococcal infections and, 100
- Autoinoculation, of herpes simplex virus, in HIV infection, 141
- Azithromycin
for babesiosis, in HIV infection, 809
resistance to, *Campylobacter*, 868
- Babesiosis
in HIV infection, 809
state-of-the-art, 611
- Bacillary angiomatosis, in HIV infection, 794, 801
- Bacillary peliosis, in HIV infection, 794, 801
- Bacille Calmette-Guérin, for tuberculosis vaccination
in health care workers (letter and reply), 392, 393
in HIV infection, 683
meningitis from, 870
- Bacteremia
due to *Acinetobacter baumannii*, 1026
due to *Aerococcus viridans*, penicillin-resistant, 387
due to *Aeromonas hydrophila*, after cholera, 867
due to *Burkholderia cepacia*, molecular analysis, relapse vs. reinfection, 582
due to *Campylobacter jejuni*, multiple organ failure in, 183
due to *Candida*, in neonates, 803
due to *Clostridium difficile*, 712
in elderly persons, 209
due to *Enterococcus faecium*, vancomycin resistance and, 663
due to *Escherichia vulneris*, 728
due to *Flavobacterium odoratum*, 1112
due to *Gemella morbillorum*, 1084
due to *Helicobacter cinaedi*, soft-tissue involvement in, in HIV infection, 710
due to lactobacilli, in Finland, 564
due to *Mycobacterium avium* complex, treatment with rifabutin, S37
due to *Mycobacterium tuberculosis*, septic shock in, 188
due to *Oerskovia xanthineolytica*, in immunodeficiency, 554
in pancreatic abscess, 384
due to *Pasteurella bettyae*, peripartum, 1125
due to *Shewanella alga*, with leg ulcers, 1036
due to staphylococci, coagulase-negative, blood culture in, 14
due to *Staphylococcus aureus*
in HIV infection, 875
with infected false left ventricular aneurysm, 874
due to *Stenotrophomonas maltophilia*, 508
due to *Streptococcus pneumoniae*, predisposing conditions, 100
treatment with piperacillin/tazobactam, 107
due to *Vibrio damsela*, 856
- Bacteria, growth of, in empyema, 747
- Bacteriology, specimen collection and transport for, 766
- Bacteriuria, in elderly persons, 209
- Bacteroides
drug resistance, dental amalgam exposure and, 944
pleural empyema, 747
- Baker's cyst, in brucellosis, 872
- Bartonella henselae* infections, hepatosplenic, 721
in cancer, 951
- Bartonella* infections, in HIV infection, bacillary angiomatosis and peliosis, 794, 801
- Basal ganglia anomalies, in congenital rubella syndrome, 569
- Benzyl penicillin

- for *Gemella morbillorum* endocarditis, 379
- for Lyme disease, in pregnancy, 788
- Berlin, Germany, *Chlamydia pneumoniae* pneumonia epidemiology in, 958
- Bipolaris*, identification, S179
- Bites, animal, rabies from, treatment failure in, 228
- Bladder irrigation, in fungal infections, 30
- Blastomycosis
 - genitourinary tract, 718
 - in HIV infection, pulmonary cavitation in, 671
 - review, S102
 - treatment, S148
 - in pediatric patients, 496
- Blastoschizomyces capitatus* infections, in immunodeficiency, S112
- Blood
 - specimens of, collection and transport, 766
 - transfusion, parvovirus B19 transmission in, 1123
- Blood culture
 - coagulase-negative staphylococci isolation from, 14
 - Nocardia*, 891
 - specimen collection and transport for, 766
- Bloodstream infection (see Bacteremia; Fungemia)
- Bone
 - osteolysis, in mucormycosis, 715
 - specimens of, collection and transport, 766
- Bone marrow transplantation
 - cytomegalovirus infections in, treatment with foscarnet, 583
 - enteroviral infections in, 1004
 - hepatic mucormycosis in, 521
 - human herpesvirus 6 infections in, myelosuppression in, 174
 - viral respiratory infections in, 778
- Book reviews
 - AIDS Clinical Trials*, 401
 - Parasites in Human Tissues*, 742
- Bordetella pertussis*
 - antigens, antibody response to, poliovirus vaccine effects on, 59
 - infections from, risk factors for, in young infants, 503
- Borrelia duttonii* infections, epidemiology, 1114
- Borreliosis (see Lyme disease)
- Bowel decontamination, selective, in liver transplantation, 997
- Brain
 - abscess
 - due to *Coccidioides*, 240
 - due to *Dactylaria gallopava*, 73
 - due to *Mycobacterium tuberculosis*, neuroimaging, 906
 - due to *Xylohypha bantiana*, 73
 - atrophy, in HIV infection, 906
 - calcification, in congenital rubella syndrome, 569
 - imaging, in HIV infection, 906
 - infarction
 - in HIV infection, 194
 - in *Salmonella* meningitis, 194
 - mucormycosis, in intravenous drug use (letter), 198
 - Mycobacterium kansasii* infections, in HIV infection (letter), 1130
 - nocardiosis, 891
 - tuberculosis
 - in immunodeficiency, treatment with interferon-gamma, 572
 - neuroimaging, 906
 - tumors, vs. cytomegalovirus infections, 626
- Bronchi, mucoid impaction, due to *Schizophyllum commune*, 146
- Bronchial-ventricular fistula, due to *Staphylococcus aureus*, 874
- Bronchitis
 - due to cytomegalovirus, in HIV infection, 181
 - treatment with piperacillin/tazobactam, 107
- Bronchoalveolar lavage, in blastomycosis, in pediatric patients, 496
- Bronchoesophageal fistula, due to *Mycobacterium tuberculosis* and cytomegalovirus, in HIV infection, 581
- Bronchogenic carcinoma, vs. pulmonary infections, in HIV infection, 671
- Brucella melitensis*
 - hepatosplenic abscess, 485
 - phage sensitivity, in United Arab Emirates, 190
- Brucellosis
 - antibodies in, measurement, 446
 - Baker's cyst in, 872
 - hepatosplenic abscess in, 485
 - treatment, 441
- Buboes, inguinal
 - due to *Chlamydia trachomatis*, 233
 - due to *Haemophilus ducreyi*, 233
- Burkholderia cepacia* bacteremia, molecular analysis, relapse vs. reinfection, 582
- Burkholderia pickettii*, nosocomial infections, 1092
- Bursitis, septic
 - due to anaerobic bacteria, 879
 - due to *Stenotrophomonas maltophilia*, 388
- Calcification, brain, in congenital rubella syndrome, 569
- Calymmatobacterium granulomatis*, culture, 391
- Campylobacter* infections
 - diarrhea, drug resistant, 868
 - gastroenteritis, treatment with ciprofloxacin, 1009
- Campylobacter jejuni* septic shock, multiple organ failure in, 183
- Cancer
 - Bartonella henselae* hepatosplenic manifestations in, 951
- colorectal
 - clostridial myonecrosis in, 582
 - Gemella morbillorum* endocarditis in, 379
- cytomegalovirus pneumonia in, 1046
- pulmonary, in HIV infection, 671
- Candida albicans* infections
 - drug resistance in, 726
 - endocarditis
 - in premature infants, 366
 - prosthetic valve, 348
 - epiglottitis, 732
 - neonatal, 803
 - pulmonary mycetoma, 133
 - xanthogranulomatous cholecystitis, in HIV infection, 186
- Candida glabrata* infections, nosocomial, epidemiology, S89
- Candida krusei* infections, nosocomial, epidemiology, S89
- Candida lusitanae* infections, nosocomial, epidemiology, S89
- Candida parapsilosis* infections
 - fluconazole-resistant fungemia, in HIV infection, 179
 - neonatal, 803
 - nosocomial, epidemiology, S89
- Candida tropicalis* infections
 - nosocomial, epidemiology, S89
 - prosthetic valve endocarditis, surgical treatment, 380
- Candidemia
 - in neutropenia, amphotericin B prophylaxis for, 462, 467
 - treatment, S148
- Candidiasis
 - endocarditis, prosthetic valve, 262
 - hematogenous
 - gastrointestinal source of, animal models for, S73
 - treatment, controversies in, S95

- in HIV infection, pulmonary cavitation in, 671
- in leukemia, after neutropenia resolution, 1064
- nosocomial, epidemiology, S89
- skin lesions in, in HIV infection, S128
- treatment, S148
 - antifungal susceptibility testing in, S161
- vulvovaginal, in HIV infection, S124
- Capnocytophaga*, vertebral osteomyelitis, 1099
- Carbamazepine, aseptic meningitis from, 729
- Cardiothoracic surgery
 - infection epidemiology in, 424
 - mediastinitis after, due to *Streptococcus pneumoniae*, 594
- Carpal tunnel syndrome, due to parvovirus B19, 162
- Carriage, penicillin-resistant pneumococci, 966
- Castleman's disease, viral involvement in, 1120
- Cataract surgery, endophthalmitis in, due to *Acremonium kiliense*, 222
- Catheter-induced infections
 - intravascular
 - due to *Candida*, S95
 - due to *Coccidioides immitis*, 180
 - due to *Escherichia vulneris*, 728
 - in hematologic malignancy chemotherapy, candidemia prophylaxis in, 462, 467
 - due to *Oerskovia xanthineolytica*, 554
 - specimen collection and transport for, 766
 - due to *Staphylococcus aureus*, 601 (letter), 602, 603 (letter and reply)
 - urinary
 - due to fungi, 30
 - specimen collection and transport for, 766
- Cat-scratch disease, hepatosplenic manifestations, 721
- Cavitation, lung, in HIV infection, 671
- CD14 molecule, in sepsis, 407
- Cefazolin, for sporotrichosis, 765, 837
- Cefotaxime
 - for nocardiosis, 891
 - prophylactic, in liver transplantation, 997
- Cefoxitin, resistance to, dental amalgam exposure and, 944
- Ceftazidime, for bacteremia, due to *Acinetobacter baumannii*, 1026
- Ceftriaxone
 - for endocarditis, due to non-typhi *Salmonella*, 853
 - for Lyme disease, in pregnancy, 788
- Cellulitis
 - due to *Flavobacterium odoratum*, 1112
 - due to *Nocardia*, 891
 - treatment with piperacillin/tazobactam, 107
- Centers for Disease Control, Group HB-5 (*Pasteurella bettyae*)
 - bacteremia, 1125
- Central nervous system
 - abscess, due to *Coccidioides*, 240
 - imaging, in HIV infection, 906
 - nocardiosis, 891
 - specimens of, collection and transport, 766
- Cephalosporins
 - for nocardiosis, 891
 - for pleural empyema, 747
 - resistance to, dental amalgam exposure and, 944
- Cerebrospinal fluid
 - cytokine levels in, in bacteria meningitis (letter and reply), 883, 884
 - nitric oxide levels in, in bacterial meningitis, 876
 - specimens of, collection and transport, 766
- Chancroid, inguinal buboes in, 233
- Chemotherapy
 - disseminated coccidioidomycosis in, 180
 - hepatosplenic infections in, due to *Bartonella henselae*, 951
 - neutropenia in
 - candidemia prophylaxis in, 462, 467
 - fever after, 1064
- Chest radiography, in empyema, 747
- Chicago, pertussis epidemiology in, 503
- Chickenpox, visceral necrosis from, 857
- Children (see Pediatric patients)
- Chlamydia pneumoniae* infections
 - in cystic fibrosis, 819
 - pneumonia, epidemiology, 958
- Chlamydia trachomatis* infections
 - inguinal buboes, 233
 - treatment with rifabutin, S3
- Chlamydial infections, diagnosis, in Zaire prostitutes, 477
- Chloramphenicol, for nocardiosis, 891
- Cholecystitis
 - acalculous, due to *Enterocytozoon bieneusi*, in HIV infection, 195
 - treatment with piperacillin/tazobactam, 107
 - xanthogranulomatous, due to *Candida albicans*, in HIV infection, 186
- Cholera
 - Aeromonas hydrophila* bacteremia after, 867
 - epidemiology, American expatriates in Peru, 1108
 - treatment with ciprofloxacin, 1009
- Chorioretinitis, due to *Toxoplasma gondii*, in liver transplantation, 184
- Chromoblastomycosis, due to *Exophiala spinifera*, 331
- Ciclopirox olamine, for skin lesions, in HIV infection, S128
- Cilofungin, for candidiasis, animal studies of, S73
- Ciprofloxacin
 - for bacillary angiomatosis and peliosis, in HIV infection, 794, 801
 - for gastroenteritis, community-acquired, 1019
 - for pleural empyema, 747
 - resistance to, *Campylobacter*, 868
 - for tuberculosis, 827
 - warfarin pharmacokinetics and, 251
- Clarithromycin
 - dideoxyinosine pharmacokinetics and, 716
 - for ear infections, due to *Mycobacterium fortuitum*, 1105
 - interactions with rifabutin, S15
 - mania from, 595
 - myasthenic syndrome from, 175
 - for *Mycobacterium avium* complex infections, S33
- Clemastine fumarate, for rhinovirus infections, 656
- Clindamycin
 - for babesiosis, 611
 - in HIV infection, 809
 - for encephalitis, due to *Toxoplasma gondii*, in HIV infection, 268
 - for pleural empyema, 747
 - for pneumonia, due to *Mycoplasma hominis*, 567
 - resistance to, dental amalgam exposure and, 944
 - for septic bursitis, due to anaerobic bacteria, 879
- Clinical trials, antifungal agents, amphotericin B standard in, S145
- Clofazimine, for *Mycobacterium avium* complex infections, vitiligo from, 581
- Clostridium difficile*
 - diarrhea

- Staphylococcus aureus* infections
 bacteremia
 in HIV infection, 875
 with infected false left ventricular aneurysm, 874

- endocarditis, 276
 musculoskeletal infections with, 783
 in HIV infection, pulmonary cavitation in, 671
 invasive, after coronary angioplasty (letter), 886
 lung abscess, in HIV infection, 81
 methicillin-resistant, epidemiology, 86
 pleural empyema, 747
 pseudoaneurysm, in coronary angioplasty (letter and reply), 602, 603
 treatment with rifabutin, S3
- Staphylococcus epidermidis* infections
 bacteremia, blood culture in, 14
 endocarditis, in transjugular intrahepatic portosystemic stent-shunt, 385
 treatment with rifabutin, S3
- Staphylococcus saccharolyticus*, prosthetic valve endocarditis, 722
- Stenotrophomonas maltophilia* infections
 bacteremia, 508
 septic prepatellar bursitis, 388
- Sternoclavicular joint, septic arthritis, due to group B streptococci, 579
- Stibogluconate, for leishmaniasis, 1
 peripheral neuropathy from, 878
- Stool specimens, collection and transport, 766
- Streptobacillus moniliformis*, genital abscess, 471
- Streptococcal infections
 endocarditis, 276
 group A, invasive, transmission, 490
 group B, septic arthritis, 579
 meningitis, in myelography, 130, 395 (letter and reply)
 pleural empyema, 747
 rhabdomyolysis in, 642
 toxic shock syndrome in
 gamma-delta T cell expansion in, 362
 pancreatitis in, 723
- Streptococcus bovis* endocarditis, 178
 coronary ostium obstruction in, 192
- Streptococcus constellatus* pyomyositis, periodontal source of, 176
- Streptococcus pneumoniae* infections
 bacteremia, predisposing conditions, 100
 empyema, in pediatric patients, 1037
 epidemiology, serogroup-specific, 973
 in HIV infection, pulmonary cavitation in, 671
 lung abscess, in HIV infection, 81
 mediastinitis, postoperative, 594
 peritonitis, 993
 resistance in
 penicillin, 63, 966
 penicillin G, in HIV infection, 437
 sepsis in, 375
 tuboovarian abscess, 993
- Streptococcus pyogenes* infections
 septic arthritis (letter and reply), 394
 treatment with rifabutin, S3
- Streptococcus sanguis*, liver abscess, 191
- Streptodornase, for pleural empyema, 747
- Streptokinase, for pleural empyema, 747
- Streptomycin
 for brucellosis, 872
 for tuberculosis, prophylactic, S55
- Strongyloides stercoralis*, in HIV infection, 737
 hyperinfection, 736
- Submandibular glands, infections, in HIV infection, 369
- Sulfadiazine, for encephalitis, due to *Toxoplasma gondii*, in HIV infection, 268
- Sulfisoxazole, for otitis media prophylaxis, 143
- Sulfonamides
 for bacillary angiomatosis and peliosis, in HIV infection, 794, 801
 for nocardiosis, 891
- Sulfur granules, in tracheal actinomycosis, 1126
- Supraglottitis, due to herpes simplex virus, 382
- Surgery
 cardiothoracic
 epidemiology of infections after, 424
 mediastinitis after, due to *Streptococcus pneumoniae*, 594
 for pleural empyema, 747
- Susceptibility testing
Acinetobacter baumannii, 1026
 fluconazole, S161, 322, 329
Hafnia alvei, 1040
Nocardia, 891
 piperacillin/tazobactam, 107
 rifabutin, S3
- Syphilis, in HIV infection
 neuroimaging, 906
 with tuberculosis, 871
- T lymphocyte(s)
 CD4+, in HIV infection
 in bacillary angiomatosis and peliosis, 794, 801
 prognostic significance, 513
 gamma-delta, in streptococcal toxic shock syndrome, 362
 subset count, in pneumonia, 1096
- Taenia solium*, neurocysticercosis, diagnosis, 423, 563
- Tapeworm, pork, neurocysticercosis, diagnosis, 423, 563
- Taxonomy, hepatitis D (letter), 605
- Tazobactam/piperacillin, review, 107
- Technetium-99m, in radionuclide imaging, in immunodeficiency, 414
- Teicoplanin, for *Clostridium difficile* diarrhea, 813
- Temperature, regulation, fever upper limit and, 525
- Temporal arteritis, due to parvovirus B19, 1123
- Tenosynovitis, flexor, in necrotizing fasciitis, due to streptococci, 586
- Teratogenicity, fluconazole, 336
- Terbinafine, for skin lesions, in HIV infection, S128
- Tetracycline
 for inguinal buboes, 233
 for pneumonia, due to *Mycoplasma hominis*, 567
 resistance to, *Aeromonas hydrophila*, 867
- Thermoregulation, fever upper limit and, 525
- Thiabendazole, for trichinosis, 1033
- Thoracentesis, in pleural empyema, 747
- Thoracic wall, mucormycosis, 373
- Thoracoscopy, video-assisted, for pleural empyema, 747
- Thoracostomy decortication, for pleural empyema, 747
- Thrombocytopenia
 in HIV infection
 treatment with dapsone (letter and reply), 1131, 1132
 treatment with immune globulin (letter and reply), 1129, 1130
 in Lyme disease, 1119
- Thrombocytopenic purpura, idiopathic, in HIV infection, treatment with vincristine (letter and reply), 880, 881
- Thrombolytic therapy, for pleural empyema, 747
- Ticks, in disease transmission
 babesiosis, 611
 borreliosis, 1114
- Tinea, in HIV infection, S128
- Torulopsis glabrata*, spinal epidural abscess, 588
- Toxic shock syndrome
 staphylococcal, in HIV infection, 875

- streptococcal, 490
 - gamma-delta T cell expansion in, 362
 - pancreatitis in, 723
- Toxicity, antiviral drugs, preclinical testing, 355
- Toxoplasmosis
 - bladder infections in, in HIV infection, 740
 - chorioretinitis in, in liver transplantation, 184
 - encephalitis in, in HIV infection, treatment with pyrimethamine combinations, 268
 - in HIV infection
 - clarithromycin reactions in, 175
 - neuroimaging, 906
 - pulmonary cavitation in, in HIV infection, 671
 - treatment with rifabutin, S3
- Trachea, actinomycosis, 1126
- Transfusion
 - leukocytes, in hematogenous candidiasis, S95
 - parvovirus B19 transmission in, 1123
- Transjugular intrahepatic portosystemic stent-shunt, endocarditis in, due to *Staphylococcus epidermidis*, 385
- Transplantation
 - bone marrow
 - cytomegalovirus infections in, treatment with foscarnet, 583
 - enteroviral infections in, 1004
 - hepatic mucormycosis in, 521
 - human herpesvirus 6 infections in, myelosuppression in, 174
 - viral respiratory infections in, 778
 - influenza immunization in, 295
 - kidney
 - human herpesvirus 6 infections in, 171
 - Pneumocystis carinii* pneumonia in, 920
 - liver
 - chorioretinitis in, due to *Toxoplasma gondii*, 184
 - cytomegalovirus infections in, 537, 1133, 1134 (letter and reply)
 - Dactylaria gallopava* infections in, 73
 - human herpesvirus 6 infections in, 171
 - selective bowel decontamination in, 997
 - lung, *Mycoplasma hominis* transmission in, 567
 - nocardiosis in, 891
- Travelers' infections, diarrhea
 - due to *Campylobacter*, drug-resistant, 868
 - persistent, treatment, 124
 - due to *Vibrio cholerae*, 1108
- Tremors, from trimethoprim-sulfamethoxazole, in HIV infection, 598
- Trichinosis, treatment, 1033
- Trichophyton infections, in HIV infection, S128
- Trichosporon beigelii infections, in immunodeficiency, S112
- Tricuspid valve endocarditis, due to *Streptococcus bovis*, 178
- Trimethoprim-sulfamethoxazole
 - for aortitis, due to *Salmonella choleraesuis* (letter and reply), 739, 740
 - for bacteremia, due to *Stenotrophomonas maltophilia*, 508
 - for ear infections, due to *Mycobacterium fortuitum*, 1105
 - for *Flavobacterium odoratum* infections, 1112
 - for hypertrophic osteoarthropathy, due to *Pneumocystis carinii*, 590
 - intolerance to, in HIV infection, desensitization in (letter and reply), 396
 - neurotoxicity, in HIV infection, 598
 - for nocardiosis, 891
- Tropheryma whippelii, prosthetic joint infections, 575
- Tuberculin test
 - dosing error in, 389
 - in HIV infection, 683
 - tuberculosis vaccination and (letter and reply), 392, 393
- Tuberculosis (see also *Mycobacterium tuberculosis*)
 - bronchoesophageal fistula in, in HIV infection, 581
 - clinical features, in HIV infection, 683
 - diagnosis, in HIV infection, 683
 - disseminated, septic shock in, 188
 - drug-resistant (see also *subhead*: multidrug-resistant)
 - in HIV infection, 683
 - in elderly persons, 209
 - empyema in, 747
 - epidemiology, in HIV infection, 683
 - in HIV infection, 683
 - mediastinal lymphadenopathy in, 871
 - neuroimaging in, 906
 - prophylaxis, S55, S61, 398, 399 (letter and reply), 683
 - pulmonary cavitation in, 671
 - treatment with rifabutin, S50
 - immunization
 - Bacille Calmette-Guérin meningitis after, 870
 - health care workers (letter and reply), 392, 393
 - in HIV infection, 683
 - meningitis in, review, 982
 - multidrug-resistant
 - in HIV infection, 683
 - in leukemia, treatment with interferon-gamma, 572
 - prevention, in health care workers (letter and reply), 392, 393
 - treatment with rifabutin, S50
 - pathogenesis, in HIV infection, 683
 - prevention
 - in health care workers (letter and reply), 392, 393
 - in HIV infection, 398, 399 (letter and reply), 683
 - rifabutin in, S55, S61
 - retinal vasculitis in, 873
 - skin tests for
 - dosing error in, 389
 - in HIV infection, 683
 - tuberculosis vaccination and (letter and reply), 392, 393
 - transmission
 - in health care workers with HIV infection, 597
 - in HIV infection, 683
 - treatment
 - with ciprofloxacin, 827
 - in HIV infection, 683
 - with rifabutin, S3, S50
- Tuboovarian abscess
 - due to *Blastomyces dermatitidis*, 718
 - due to *Streptobacillus moniliformis*, 471
 - due to *Streptococcus pneumoniae*, 993
- Tumor(s), central nervous system, vs. cytomegalovirus infections, 626
- Tumor necrosis factor α , in cerebrospinal fluid, in bacterial meningitis, 876, 883, 884 (letter and reply)
- Ulceration
 - due to herpes simplex virus, in HIV infection, 381, 926
 - leg, *Shewanella alga* bacteremia in, 1036
- Ulcerative colitis, pneumococcal infections in, 860
- Ultrasonography
 - brain, in congenital rubella syndrome, 569
 - in pleural empyema, 747
- Ultraviolet light, for mucocutaneous lesions, due to herpes simplex virus, 381
- United Arab Emirates, *Brucella melitensis* phage sensitivity in, 190
- Urethritis, due to microsporidia, treatment with albendazole, 592
- Urinary tract infections
 - due to *Actinomyces bernardiae*, 157

- in elderly persons, 209
 due to *Escherichia coli*, epidemiology, in primary care setting, 91
 due to fungi, treatment, 30
 hospitalization rate in, in Manitoba, Canada, 1051
 due to *Toxoplasma gondii*, in HIV infection, 740
 treatment with piperacillin/tazobactam, 107
 xanthogranulomatous pyelonephritis, 308
- Urine specimens, collection and transport, 766
- Urokinase, for pleural empyema, 747
- Uveitis, rifabutin-induced, S23, S43
- Vaccination (see Immunization)
- Vaginitis, due to *Candida*
 fluconazole-resistant, 726
 in HIV infection, S124
- Valacyclovir
 preclinical safety testing, 355
 for viral keratitis (letter), 886
- Vancomycin
 for diarrhea, due to *Clostridium difficile*, 813
 resistance to, in enterococci, 136, 663
 for septic shock, due to *Gemella morbillorum*, 1084
 for soft-tissue infections, due to *Corynebacterium urealyticum*, 851
- Varicella-zoster virus infections
 drug resistant, 864
 in HIV infection
 myelitis, treatment with acyclovir, 138
 Ramsay Hunt syndrome in (letter), 1128
 retinal necrosis in, 149
 skin lesions, 637, 654
 treatment (letter), 1128
 retinal necrosis in, 149, 864
 visceral necrosis from, 857
- Vascular access devices, infections from (see Catheter-induced infections, intravascular)
- Vasculitis
 in hepatitis A vaccination, 596
 due to parvovirus B19, 1123
 pulmonary, due to cytomegalovirus, in HIV infection, 616
 retinal, due to *Mycobacterium tuberculosis*, 873
- Vasopressin, in fever reduction, 525
- Vegetations, in endocarditis, coronary ostium obstruction in, 192
- Veillonella*, septic bursitis, 879
- Ventilation, inadequate, *Acremonium kiliense* endophthalmitis from, 222
- Ventricle(s)
 dysfunction, in ehrlichiosis, 386
 false aneurysm, *Staphylococcus aureus* infection in, 874
- Ventriculitis, in HIV infection, neuroimaging, 906
- Vertebral osteomyelitis
 due to *Capnocytophaga*, 1099
 due to *Mycobacterium xenopi*, 723
 due to *Shigella boydii*, 863
- Vertical transmission, of *Candida*, 803
- Vibrio cholerae* infections
Aeromonas hydrophila bacteremia after, 867
 epidemiology, Americans in Peru, 1108
 gastroenteritis, treatment with ciprofloxacin, 1009
- Vibrio damsela*, septicemia, 856
- Vibrio fluvialis* wound infections, from leech therapy, 709
- Video-assisted thoracoscopy, for pleural empyema, 747
- Vincristine, for idiopathic thrombocytopenic purpura, in HIV infection (letter and reply), 880, 881
- Viral culture, specimen collection and transport for, 766
- Viral infections (see also specific viruses and infections)
 respiratory
 in bone marrow transplantation, 778
 invasive pneumococcal infections and, 100
 rhabdomyolysis in, 642
- Visceral leishmaniasis
 clinical features, 1
 diagnosis, 1
 epidemiology, 1
 in HIV infection, isoenzyme patterns in, 376
 treatment, with liposomal amphotericin B, 938
- Visceral sporotrichosis, treatment with fluconazole, 46
- Visceral varicella-zoster virus infections, necrosis in, 857
- Vitiligo, from clofazamine, 581
- von Reyn criteria, for endocarditis diagnosis, 276
- Vulvovaginitis, due to *Candida*
 fluconazole-resistant, 726
 in HIV infection, S124
- Walleimia sebi*, identification, S179
- Warfarin, ciprofloxacin pharmacokinetics and, 251
- Whipple's bacillus, prosthetic joint infections, 575
- White blood cells (see Leukocytes)
- Whooping cough
 immunization for, poliovirus vaccine effects on, 59
 risk factors for, in young infants, 503
- Wound infections
 surgical
 epidemiology, 424
 due to *Streptococcus pneumoniae*, 594
 due to *Vibrio fluvialis*, from leech therapy, 709
- Xanthogranulomatous cholecystitis, due to *Candida albicans*, in HIV infection, 186
- Xanthogranulomatous pyelonephritis, 308
- Xanthomonas (Stenotrophomonas) maltophilia* infections
 bacteremia, 508
 septic prepatellar bursitis, 388
- Xylohypha*, identification, S179
- Xylohypha bantiana*, brain abscess, 73
- Yeast
 for diarrhea (letter), 200
 infections from (letter and reply), 201, 202
- Zaire, sexually transmitted diseases in, diagnosis, in prostitutes, 477
- Zidovudine
 interactions with rifabutin, S15
 preclinical safety testing, 355
- Zoonosis, *Encephalitozoon cuniculi* infections, 557
- Zygomycosis (see Mucormycosis)
- Zygosporium*, identification, S179
